SignalSys, Inc. Awarded “Best of Show” at INTERNET TELEPHONY® Conference & EXPO West 2006 in San Diego

SP400 Singled Out for Innovation and Quality at Record-Setting VoIP Event

Edison, NJ, 11/08/2006 — SignalSys announced today that its SP400 has been named a winner of a “Best of Show Award” at Technology Marketing Corporation (TMC®)’s INTERNET TELEPHONY Conference and EXPO West 2006.

High quality, low price, easy-to-use and easy-to-install, the SP400 provides the perfect solution for VoIP in small business market. The SP400 has four phone ports for connection to analog phone, fax, and PBX. It supports G.711, G.729, G.723, iLBC, and T.38 fax. It supports 6 G.729 simultaneous calls. The SP400 has one LAN port, which can be connected to your Cable/DSL gateway router or ISP network directly.

“SignalSys, Inc. and their innovative products, are a standout indication of why so many service providers, enterprise buyers, developers, and resellers descend upon INTERNET TELEPHONY® Conference & Expo twice a year,” said TMC President and Conference Chairman, Rich Tehrani. “The presence of outstanding companies like SignalSys Inc. further demonstrates INTERNET TELEPHONY Conference & EXPO's status as the leading forum for the VoIP and IP communications industry. Attendees know they'll find solutions in the SignalSys booth that can help them in their businesses today.”

The INTERNET TELEPHONY Conference & EXPO Best of Show Award recognizes innovative products and solutions that were featured in the Exhibit Hall during the event. This designation serves to highlight the technological achievement and creative product features that set these winners apart from the rest of the crowd. INTERNET TELEPHONY magazine editorial staff met with vendors to inspect and review the displayed products over the course of the three-day event.

SignalSys (booth #1235) will exhibit in the next INTERNET TELEPHONY Conference & EXPO, which will take place January 23-26, 2007 at the Ft. Lauderdale -- Broward County Convention Center in Ft. Lauderdale, FL.

About SignalSys

SignalSys designs, develops and builds products and solutions focused on voice over IP. Its SIP based CPEs have been deployed in more than 50 countries. SignalSys revealed the world's first VoIP ATA with built-in router in VON Fall 2003. For more information contact sales@signalsys.com. <http://www.SignalSys.com>

About TMC®

Technology Marketing Corporation (TMC) publishes four print publications: *Customer Interaction Solutions*, *INTERNET TELEPHONY*, *SIP Magazine* and *IMS Magazine*. TMCnet, TMC's Web site, is the leading source of news and articles for the communications and technology industries. Ranked in the top 2,300 sites in the world by alexa.com*, TMCnet serves as many as one million unique visitors each month. TMC is also the first publisher to test new products in its own on-site laboratories, TMC Labs. In addition, TMC produces Communications Developer Conference, IMS Expo and Call Center 2.0 Conference. For more information about TMC, visit www.tmcnet.com. (*alexa.com is an amazon.com company that ranks Web sites by their traffic levels. Neither alexa.com nor amazon.com is affiliated with TMCnet.)
